Now Carrying the Luxurious Wedding Gowns by Eden Bridals

The 2010 Collection has begun to arrive. The two below are the first two we have in stock right now. This is a fabulous opportunity for Azalea Bridal to carry Wedding Gowns of a couture quality at a price reasonable for non-couture budgets.

Eden Bridals has won several industry awards for its products, value, & services. You can see these beautiful gowns in every issue of national magazines such as Bride's Magazine, Modern Bride, and Bridal Guide.

These Wedding Gowns are also under \$999 and can only be purchased from an authorized retailer and not online. Azalea Bridal is the only authorized retailer in the immediate area.
